## Reasons to unlock your device with sony ericsson simlock calculator

- \* If you are travelling, buy a local simcard and save on roaming fees
- \* The resell value of your device will increase significantly as it is available to more carriers.
- \* Easily switch between simcards, using the same phone.
- \* Unlock your phone from the comfort of your own home
- \* You never send your phone to anybody.
- \* No complicated software, or cable, just simply enter the unlock code
- \* There is absolutely no risk of damaging your phone by unlocking it.
- \* 100% Guaranteed

## To generate unlock code you need:

- YOUR TELEPHONE IMEI NUMBER ( It should be located on the box from phone and under the battery. You can also check it by entering the code \*#06# ).
- PHONE MODEL ( It also should be located on the box from phone and under the battery ).
- SONY ERICSSON SIMLOCK CALCULATOR

## Instruction

First of all download:

[Sony Ericsson Simlock Calculator](#)  
(Complete the survey to unlock download page)

Virus Scan :

<<TUTORIAL HOW TO DOWNLOAD>>

Next Steps:

1. Enter your IMEI in the box.
2. Choose your phone model from the list.
3. Click the "Generate" button.

An advertisement for Volkswagen's 2015 YearEnd Sales Event. It features a white background with the text "Volkswagen Model YearEnd Sales Event" at the top. Below the text are two cars: a blue 2015 Jetta and a silver 2015 Passat. At the bottom right is the Volkswagen logo and the slogan "Das Auto." There are small navigation icons in the top right corner of the ad area.

Volkswagen  
Model YearEnd  
Sales Event

2015 Jetta

2015 Passat

[SPECIAL OFFERS >](#)

Das Auto.

4. Below text " Your simlock unlock code " will appear unlock code for your phone.
5. Insert the foreign mobile network sim card into your phone and on it.
6. When you are asked to enter the unlock code use this generated in step 4.
7. Enjoy that you have removed the simlock :)

Because in some countries people had problems with downloading, I put here links to the mirrors:
